

# INTERACTIVE LEARNING SYSTEM

Developed by Alexandra Institue,  
Affiliated with Aarhus University, Denmark

WizeFloor is a rebranding of Wisdom Well, which has received the Red Dot Award. Kids Judge Bert 2023 Winner.

**Wizefloor is a state-of-the-art interactive learning platform developed by the Alexandra Institute, an esteemed affiliate of Aarhus University, Denmark.** As a pioneering research entity under the university, the Alexandra Institute is dedicated to transforming academic innovation into practical technology. Drawing on the latest advancements in educational technology, cognitive science, and human-computer interaction, the Institute brings scholarly excellence into real-world classrooms—bridging the gap between research and meaningful, playful learning experiences.

## Awards & Recognition

**Over 800+**

**Built in Games**

**Create & Customize**

**Your own Games**
